Complete

- **Preserve Roadway System**
- **Maintain City Infrastructure**
- **Reduce Costly Repairs**

Thank you in advance for your patience and cooperation as we make improvements to your neighborhood.

What: The City of Kirkland has contracted with Lakeside Industries to resurface sections of six streets in Kirkland including 132nd Avenue NE between NE 100th Street and NE 85th Street. See map attached to this flyer.

The Street Overlay Project is a preventative maintenance program, funded annually through the City's Capital Improvement Program. Preventative maintenance not only prolongs the life of a street but saves money by improving the street before it reaches the final state of its life when rapid deterioration occurs and full reconstruction is required. After the overlay, the street will look very much like it did when it was new, and will again be able to withstand the effects of traffic and weather. Preventative maintenance saves money.

When: Construction activity is expected to start on 132nd Avenue NE with concrete repair work in early July (after the July 4th holiday) with completion anticipated for all six streets in October 2011. Specific schedule information about each street will be posted in early July and updated periodically on the City's website www.kirklandwa.gov (search Street Preservation). It is possible that construction schedules may change due to weather conditions. Typical hours of operation are Monday-Friday 7:00 am to 6:00 pm.

What to Expect:

Initial preparations: First signs of construction include repairing damaged pavement in preparation for the resurfacing, replacing sections of broken curb and sidewalk, and installing sidewalk ramps that meet the current requirements of the Americans with Disabilities Act.

Asphalt repaving: There may be inconveniences associated with driving through the work zone; traffic control and flagging operations will be in effect. The project inspector will be on site to help coordinate access and answer any questions on the day of work.

Emergency access: Emergency vehicle access will be maintained throughout the construction process. The contractor is required to backfill and/or cover their work at the end of each day so there will be no open trenches left over night.

Street Overlay Coming Soon

132nd Avenue NE between NE 100th Street and NE 85th Street

June 30, 2011

Advanced notice of lane closures and parking restrictions:

During construction: Notices will be distributed or signs will be posted for adjacent residents and businesses within 24 hours prior to paving.

Parking: "No-Parking" signs will be posted 24 hours in advance of all parking restrictions. **The City will tow vehicles left on the street after the 24 hour notice period.** Please do not leave vehicles parked on the street while on vacation.

Driveway access: In some locations, it may be necessary to limit driveway access for 3 days while fresh concrete is allowed to cure. If your driveway is affected, you will be specifically notified prior to work being performed.

Garbage and mail services: The contractor will schedule activities around regular garbage/recycling pick-up schedules. In rare cases, your mail could be delayed a day. If your mail is delayed a day, it will always be available to pick up at the post office the day it was scheduled to be delivered to your home.

Easy Access to information:

Obtain current information: go to www.kirklandwa.gov and search Street Preservation.

Call the construction hotline for updates: (425) 587-3838

Contact us, if you have questions or comments.

Andrea Dasovich, P.E.

Project Engineer

How You Can Help: Your cooperation in ensuring the area of roadway affected by the project is not obstructed with vehicles or other items is greatly appreciated. Water is harmful to all pavement repair treatments. Please avoid washing vehicles or watering adjacent lawns on the date work is scheduled.

Once again, thank you in advance for your patience and cooperation as we make improvements to your neighborhood. Please contact us should you have any questions or concerns.
